

## THE UNIVERSITY OF ARIZONA,

Arizona's First University.

### Early Academic Outreach

The mission of the Office of Early Academic Outreach at the University of Arizona is to increase the number of ethnic minority, low-income, and first-generation college-bound students who are eligible to enter a degree program at a university.

College Academy for Parents

THANK  
YOU

**We couldn't have done it without you!**

"Physics Fun was great. We got to see music."

"This will be an unforgettable day in our lives. It will be the first, but not the last, time that we come to the University."

"My daughters are getting more interested in going to college. Thank you!"

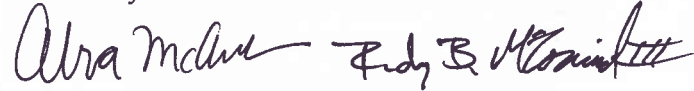

"We got a lot of information and this was very exciting for my child... everybody was so nice, it made me feel like going to the UA myself."

February 20, 2006

Dear Dr. Bayly,

Thank you for organizing the Physics Phun presentation for the College Academy for Parents Math & Science Showcase. As you can tell from the parents' comments quoted to the left, your willingness to share your expertise on Saturday made a huge impact on our guests. Physics Phun was the highlight of the visit for many families.

Sincerely,

Abra McAndrew  
CAP Coordinator

Rudy B. McCormick, III  
Assistant Director
